YOUR CURRENT STATUS QUO

Central networked MFP on SLA with billing, technical and consumables services.

Desktop printers have no central technical or consumables management, or SLA

EFFICIENCY

"I get more done this way."

Supply chain placing multiple orders for replacement printers and ongoing consumables.

IT department handling printer issues without the skills or capability to resolve them

Costly multiple, decentralised desktop printers meeting business needs

MOBILITY

"I can't leave my desk."

PRIVILEGE

"I am the boss."

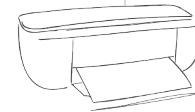

Huge "hidden" running costs on desktops.

Desktop printers are different brands

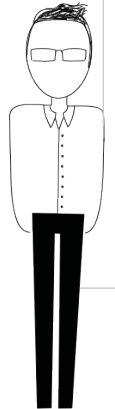

Desktop printers are not networked

CONFIDENTIALITY

"I print sensitive documents."

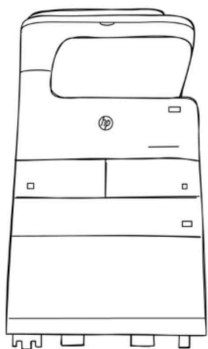

AYOH WANTS YOU TO SAVE 20 - 40% OF YOUR CURRENT PRINT COSTS

STEP 1: We will assess and help you control your print environment.

STEP 2: We will refresh your fleet, put it on the network and manage it for you with an all-inclusive HP SLA.

WITH AYOH'S DESKTOP MPS

We will refresh your desktop fleet, put it on the network and manage it for you

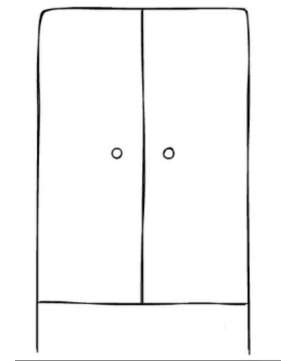

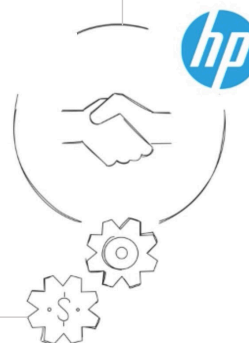

We will sign all-inclusive, managed HP SLA

SLA includes proactive automated billing and technical service

SLA includes genuine HP parts and supplies

SLA includes managed consumables stocking
